That's actually smart if they are. Mine are. oh well.

Oh no, the media can't use it to try to harm users now! You know there's people whose sole purpose in life is to comb forums and try to fuck people over right?

Not a mod, but i assume that's the easiest way to remove posts that may be violent, and also any planning threads/meetups for Jan. 6th.

I would assume it's TDW looking out for all the innocent patriots who attended peacefully and did nothing wrong while there. It's not necessarily sinister, other than the fact that TDW is forced to take such an unprecedented action or risk being shut down. And to get any violent troll posts they might have missed.

I'm just upset over 2 posts in particular that I lost.

The first I made when they took the statue out of the Virginia Capitol. Lots of rich symbolism. It was poetry. I worked hard on that.

The other was about the car accident that kept me from going to DC. All the well wishes on that post really helped.

I guess I shouldn't take it personally if they just purged everything in that timeframe, but I still wish I could revisit those.

That would be awesome if they did that. Just completely erase all those, then the media or cancel hungry lefties couldn't get a hold of it

Is EPIK turning over posts to cover their ass because of the "ultra violent insurrection" or what?
